

**PROVEN PARTNERS MANUFACTURING
'YOUR SUPPLY CHAIN SOURCE'**

Dear Chuck,

January 13, 2006

In our industry, not unlike others, reputations are ours to create and to uphold. I would like to compliment you on yours. Just as reputations are valued, so are perceptions. In the ever changing and dynamic electronic marketplace, companies completely lose the ability to have direct contact with a potential Customer. The Z Plane has been an asset to bringing credibility to the, 'first impressions are ever lasting impressions,' way of life for Proven Partners' website.

We know what our skills sets are, and more importantly, are not. Website development, graphic design and related areas were things that we decided to outsource. After spending the time and energy in interviewing several providers of such services, I am truly grateful that we had the opportunity to engage The Z Plane. Your company delivered on high expectations, on time and within the planned budget. Ingenuity only becomes valuable if it can be executed upon, and your innovative ideas offered Proven Partners that opportunity.

We look forward to continuing building our relationship with The Z Plane, and would like to formally thank you for your efforts and tenacity with providing services and value to our organization.

Best of Luck for 2006 and beyond,

Thank You Very Much,

Dave Nelson
