Dear Mr. Vavra,

I just wanted to send you a quick note thanking you for hard work on developing our Village's website. The extra time you took listening to our desires and concerns is greatly appreciated. The site is everything we could hope for, you definitely captured our small town feel while incorporating your design.

I have received many unsolicited compliments on the ease of use for our residents, the information they can receive and the look of our new site. We hope to add bill paying functions for our utilities in the near future and will call you when the budget allows us to incorporate those additional features.

On a personal note, as a resident of Pingree Grove, I know you donated more time on development and coding than you quoted on your proposal. Your community is grateful for your contribution and it has not gone unnoticed. Your professionalism and promptness made this project a pleasure to work with you on.

Sincerely,

Wyman "Clint" Carey
